In 1796 Charles C. Pinckney said that the United States of America had millions for defence and not one cent for tribute. We wish that both the States and Canada would think in that manner about cancer. We have reversed that expression today as far as cancer is concerned. It should read now, Millions for tribute and not one cent for defence. Out of every eight persons one will die of cancer. 40,800 Canadians died in world war two, in the same period 83,200 Canadians died of cancer. It kills more than 39 every day. Alberta is in dire need of money for research. With research, out of every three one may be saved. That means that 4,666 people would live if cancer research had the money to forge ahead.

It is with the purpose of obtaining this money for research that Stan "Anything Goes" Armstrong, . . . and Fred "Lucky" Diehl started the Twenty-Five cent Cancer Research Club. The program Musical Magic heard each Monday, Wednesday and Friday at two-thirty in the afternoon, is the vehicle chosen for the club. To each and every person who sends in twenty-five cents, a membership card will be sent as a token of appreciation. The real good, will be of course that you are helping those more unfortunate than yourself.

Your quarter will help research and will be spent in Alberta . . .

ALBERTA FARM AND HOME FORUM

Monday's, Wednesdays and Fridays, 8:15 to 8:30 p.m.

During the short course for extension workers held last month at the Vermilion School of Agriculture, one point stressed was the need to work together. Farm people and extension workers must get together, plan together, and work together.

To work together we must know where we are going. We must know what the other fellow is thinking and doing. Meetings, neighbourly chats, demonstrations, field days, the farm press and RADIO, are all means to this end. The Farm and Home Forum presents the radio angle of this getting together.

The more we hear, the more we see, the more we understand; the better we can do our job. Listen! Read! Observe! Discuss!—so that in your thinking, in your talk, and in your work, you may keep step in the march of progress.

RADIO

The chairman of the CBC Board of Governors reported to the Canadian Press that the CBC would consider actual program performance when it granted licenses for private radio stations this year. Mr. Dunton was testifying before the Commons Radio Committee in Ottawa. The committee recommended last year that reports on program performance be considered in granting licenses. The committee also recommended that a private station be required to promise that it will faithfully perform its duties as a trustee of a radio frequency. The committee also suggested that radio stations indicate what amount of time and what proportion of revenue they are prepared to devote to local community events, the discussion of matters of local interest and the development of local talent and other public service broadcasts.

The above item was reported by Canadian Press on May 19, 1947. You will note that the Radio Committee desired to know what portion of revenue stations were prepared to devote to local community events. Here is another reason why CKUA requires and should be granted a commercial license. If we were permitted to sell advertising we would have funds to increase our local community service, to extend further help to our talented youngsters, to carry events of local interest no matter where they originate. CKUA operates seventeen hours a day in the public service.

In June, 1944, many events occurred that will go down in history. The American Fifth Army's occupation of Rome on June 4; June 5th King Victor Emanuel transferred his powers to Prince Umberto; on the 6th Allied Airborne troops, using over 1,000 troop carriers and gliders, made landings behind the German defences in Normandy. On the 6th of June, Allied Naval Forces began to disembark troops on the coast; the second front had started. On the 10th, General Montgomery landed in France; on the 12th Mr. Churchill, General Smuts and General Eisenhower had a little chat while visiting Normandy. June 13th and 14th the Germans started to throw buzz bombs at the British Isles. On the 26th of June the Allies finally liberated Cherbourg. I wonder how many of our readers remember all those things that took place in June, 1944. Human memory is a frail thing and is one reason why each and every month of the year, we push a series of new shows. It is also a little jog to the memory about pro-

grams heard regularly over this station.

It would be foolish after all that writing not to tell you about the programs, so here we go, hang on to your hats. . . . At 8:30 Monday, Wednesday and Friday the Columbia School of the Air has run its course for this year. In its place we are scheduling Kosteletz Concerts on Monday, Fiesta on Wednesday and Performance in Music on Friday. We think if you tune our way at 8:30 you will enjoy these new shows. Command Performance, just in case you haven't noticed, has been extended on Saturday night from 10:30 p.m. to 12 midnight for the convenience of our listeners. So many requests were coming in that the chaps on duty couldn't hope to look after them all. With the extended time we hope to get them all in.

For those of our listeners who appreciate drama, Stage '47 is heard each Sunday at 6:30. Winnipeg Drama on Fridays at 9:30. Mystery Master, a real chiller diller, from Vancouver, Wednes-

days at 10:30. Then on Thursdays at 9:00, we hear from Vancouver again, this time it's called Vancouver Theatre. . . . The B.B.C. also has a drama on the network at the present time, and it is heard over CKUA. This is called the Man Of God and appears on the schedule Sunday morning at 11:30.

Other religious features throughout the week are Morning Devotions Monday through Saturday at 8:45 a.m. Religious Period and Church of the Air both appear on the Sunday schedule and are heard at 12:30 and 2:30 respectively. By the way, Eventide is now heard on CKUA every Thursday at 8:30.

From Our Scrap Book We Have Gleaned The Following

When one knows women, one pities men;

But when one studies men, One excuses women.

The years that a woman subtracts from her age are not lost. They are added to the ages of other women.
